FAST FACTS

- **New engine achieves top speed of 283 km/h**
- **Qualifying of 13th equal to best so far**
- **8th in Race One in field of 32 cars, biggest in Series history**
- **Race Two Robbie jumps 10 places in five laps and looks set to be a dominant force**
- **Engine oil leak ends weekend in Race Two**

Welcome!

Robert Jones fired a warning shot to his rivals in Round Four at Phillip Island and firmly

put himself on the agenda as "one to watch" with strong performances that were cut short by an engine oil leak that sidelined the #69 Spies Hecker VX Commodore in Race Two ending what was set to be a landmark event for the Melbourne youngster.

After settling in during the first Practice Session Jones promptly got down to business in the next outing and moved from 19th up to 13th, and followed this up with a solid Qualifying effort of 13th to be the fifth-fastest Holden in the biggest field, of 32 entrants, in the history of the Konica V8 Supercar Series.

In fine conditions on Sunday the Spies Hecker Commodore got off to a good start in the first race and Jones scored an excellent 8th in the 15-lapper: and was only four seconds from fourth place after 31 minutes of racing.

Set to build upon this result the Spies Hecker Commodore lined up in 21st grid position in the reverse grid Race Two. With a sizzling series of opening laps Jones jumped six places on lap one and a total of ten positions to be in 11th with two-thirds race distance to go before a trail of oil smoke sidelined the team for the remainder of the event.

Robert Jones, "This weekend we really lifted our pace and the Race One result was a boost. Our Qualifying position was equal to our best so far in the Series and could have been better but for a brake lock up late in the session when I was on a hot lap: analysing my sector times this would have been quicker still.

"Knocking on the door of the top ten with ten laps to go in Race Two we looked certain to keep up the progress and finish well inside it, but a difficult oil leak put an end to that. The car still had plenty of oil pressure but it would have been lunacy to continue on and risk serious damage to our new power plant.

"With not much more than one hour until we had to line up for Race Three we were unable to make the necessary repairs so decided to call it a day: it was tough to go out this way".

Team Owner Bob Jones added: "Robbie did a great job and lifted his performance to the next level. Notwithstanding the new engine I said to him prior to the event that the answer was under the bonnet: the new engine and clutch wouldn't necessarily make him go faster, it was up to him. But the bar was certainly raised when we clocked our fastest speed down Wayne Gardner (main) straight of 283 kilometres per hour.

"Chewing up four new tyres in Qualifying meant we only had one set of new tyres for all three races, not the ideal situation and we had to revise our overall strategy. So the results and pace Robbie showed in Races One and Two were all the more pleasing because he wasn't totally thrashing the rubber.

"On Saturday we were pleased to host several guests and take them on unforgettable hot laps with Robbie. David Mallows from Patrick Corporation and Rohan DeSilva from ReCar had a time they hopefully won't forget in a hurry!"

The next Round is at Winton Raceway where the Spies Hecker Commodore recorded its best ever race result of 6th in its debut in 2002 on 2-3 August.

Above: Robbie gets a great start and slingshots up the inside (green rear spoiler is visible)

Above: a cloud of oil smoke cuts short a fantastic weekend
